

Sanitation Technology Platform (STeP) Terms of Use and Privacy and Information Security Policy

Welcome. This Sanitation Technology Platform ("Platform") Terms of Use and Privacy and Information Security Policy includes both the STeP Terms of Use ("Platform Terms") and the STeP Privacy and Information Security Policy ("Platform Privacy Policy") (collectively, "Platform Terms").

This Platform has been developed for the Bill & Melinda Gates Foundation ("Foundation") by RTI International to educate the public about innovations in sanitation technology and to serve as a site for grantees and vendors engaged by the Foundation to coordinate and facilitate research on data for field testing and commercialization. Certain sections of this Platform are for members-only and access is limited to individuals under contract with the Foundation --if you are not a member you are not authorized to use the Platform.

LOGGING INTO OR USING THE PLATFORM WILL BE YOUR AGREEMENT TO THE PLATFORM TERMS. If you do not agree, do not log-in or use the Platform.

Each user of the Platform ("you") agrees to the following terms and conditions:

INCORPORATED TERMS

- Your Agreement.** To the extent that these Platform Terms conflict with your written grant agreement or consulting agreement with the Bill & Melinda Gates Foundation or other agreement with RTI International, your grant, consulting or RTI agreement will control.
- Terms.** The Platform Terms include all terms and conditions of the Foundation Terms of Use for <http://www.gatesfoundation.org> ("Foundation Terms"), which you should review and download or print by visiting <http://www.gatesfoundation.org/about/Pages/terms-of-use.aspx>. The Foundation Terms are incorporated into and made a part of these Platform Terms by this reference. RTI International is bound by the Foundation Terms. By logging into or using the Platform you acknowledge that you have reviewed and agree to the Foundation Terms.
- Use of Your Information.** The Platform Privacy Policy includes all terms and conditions of the Foundation's Privacy & Information Security Policy for <http://www.gatesfoundation.org> ("Foundation Privacy Policy"), which you should review and download or print by visiting <http://www.gatesfoundation.org/about/Pages/privacy-policy.aspx>. The Foundation Privacy Policy is incorporated into and made a part of these Platform Terms by this reference. RTI International is bound by the Foundation's Privacy Policy, and by logging into or using the Platform you acknowledge that you have reviewed and agree to the Foundation Privacy Policy.
- Definitions.** Terms used but not defined in the Platform Terms have the definitions set forth in the Foundation Terms or the Foundation Privacy Policy, except that "Site" (as defined in the Foundation Terms) will include the Platform.

Supplemental Terms

The following terms and conditions also apply. If there is a conflict between these Platform Terms and the Foundations Terms and Foundation Privacy Policy, the more specific provision of these Platform Terms will control the conflict:

- Members Only.** Certain sections of the Platform are intended for access and use only by persons who have been authorized by the Foundation to use the Platform ("Members"). In accessing these sections, you represent and warrant that you are a Member and that you have been authorized

by the Foundation to receive a username and password or other access credentials (“Access Credentials”). You also agree to keep your Access Credentials confidential and to prohibit anyone else from using them. You agree that all uses of your Access Credentials will be attributed to you and will legally bind you. In addition to other remedies that may be available to the Foundation, the Foundation may revoke access to the Platform at any time in the event it feels your Access Credentials have been misused or compromised.

6. **Access to Resources.** Access to certain resources are managed by the Foundation and RTI. Access to portions and functionality of the Platform may be limited based on role-based permissions linked to your Access Credentials.

7. **Data Use.** Datasets may be used solely for the research purposes defined by the Foundation and assigned to Members through program channels and your grant or consulting agreement. You may not license, sell or otherwise transfer this data to a 3rd party.

8. **Supplemental Platform Privacy.** The Platform allows collection of contact information in the event you have questions or concerns about the site. Except for such contact information, no personally identifiable information (“PII”) may be submitted through the Platform. The Foundation will not accept any datasets containing PII. Please alert the site administrator at mbaldi@rti.org in the event you have concerns that any material on the Platform violates this provision or other Platform Terms.
